to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with completely different prices on each page. Be sure that your sales copy is strictly the identical on each page, and includes your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum price is.

Finally, if you've written a book that solves a drawback or presents a new technique, your e book will herald each site visitors and profits.
