If these prospects have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do that by making a sales web page for the brand new e-book, but don't embody a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out costs by creating a variety of

duplicate sales pages with different costs on every page. Be certain that your gross sales copy is strictly the same on each web page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum worth is.

Finally, if you've written a book that solves a problem or presents a new approach, your book will usher in both visitors and profits.
