price. Do that by creating a sales web page for the brand new ebook, but do not include a value on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out costs by creating a variety of duplicate sales pages with different prices on each page. Make sure that your gross sales copy is strictly the identical on every page, and consists of your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum value is.

In the end, if you happen to've written a e-book that solves a downside or presents a new method, your e book will bring in both traffic and profits.
