If these clients have already purchased an book from you, ask for his or her opinion when it comes to price. Do that by making a sales page for the new e book, but don't embody a value on that page. Instead, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Be sure that your gross sales copy is precisely the identical on each web page, and includes your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and sales of your book. It will let you know what your optimum worth is.

Finally, if you've written a book that solves a drawback or presents a new technique, your book will bring in both site visitors and profits.
