time anybody asks you about your ebook.

If these customers have already purchased an book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the brand new e book, however don't embody a value on that page. As an alternative, add quite a lot of

links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with completely different costs on every page. Make sure that your gross sales copy is precisely the identical on each web page, and includes your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your web site and gross sales of your book. It will tell you what your optimum price is.

In the end, if you've written a book that solves a problem or presents a brand new method, your e book will herald both visitors and profits. So be sure to write that promoting-handle sentence that sums up what downside your e-book solves and what the benefits of your *Mini Cooper Owners Manual 2011.html* book can be to the purchasers who purchase

it. After which watch your market come to you!
